## CANNON WITHDRAWS AS VOLUNTARY WITNESS

### BISHOP LEAVES LOBBY PROBE OF THE SENATE

"WE HAVE NOT YET EXCUSSED YOU," SAID SENATOR THOS. J. WALSH

"I AM AT MY OFFICE IF YOU WANT TO ISSUE THE SUBPOENA," SAID BISHOP

Washington, June 5.—(U.P.)—Bishop James Cannon, Jr., of the Methodist Episcopal Church, South, today withdrew as a voluntary witness before the senate lobby committee and told the committee if it wanted to question him further it would have to subpoena him.

"I am no longer a voluntary witness," said the bishop, picking up his papers. "We have not yet excused you," Senator Thomas J. Walsh, democrat, Montana, acting chairman, said.

"I am at my office if you want to issue the subpoena," said Cannon, walking out of the room. "We realize you are challenging the committee but we do not take that view of it," said Walsh.

"I want to read you some telegrams showing how you came to be here," said Senator Blaine, republican, Wisconsin, wet member of the committee. Cannon paid no attention to either as he elbowed his way through the crowd and out of the room.

By PAUL R. MALLON (United Press Staff Correspondent) Washington, June 5.—Bishop James Cannon, Jr., of the Methodist Episcopal Church, South, voluntarily told the public today, in part, at least, what five hours of questioning by the senate lobby committee has failed to draw from him—the use he made of a \$48,300 contribution in the 1928 anti-Smith campaign.

On the eve of his third appearance today before the committee, the bishop issued a statement showing \$16,000, in "round numbers," of the \$48,300 given him by E. C. Jameson, New York broker, went for general campaign expenses. He said it was used to pay for "speakers, automobile, travel, postage, etc."

The remaining \$32,300 was used, the statement said, for election day work in the counties and precincts of the 10 Virginia congressional districts. Cannon tabulated the money spent in each district, but did not say who received it.

In making this public statement, which he promised yesterday, Cannon did not modify his previous stand that his anti-Smith activities in Virginia were no business of the lobby committee. The bishop's challenge to the committee's power remained unweakened. Hence, observers were eagerly guessing today whether the committee would issue a subpoena, demand he answer the questions he has "blacklisted," and, if he then refuses, ask the senate to cite him for contempt, or, on the other hand, let the matter drop.

The apparent even division of sentiment between four of the five committee members on this matter, seemed to place the decision squarely up to the fifth member, Senator Borah, republican, Idaho. Thus far Borah has not committed himself. He has, however, indicated he believes the committee is empowered to force an answer from Cannon.

The bishop's accounting was given only in outlines. He did not state the names of any persons or firms to whom money was paid and did not separate the lump sums spent in congressional districts into any categories of expense. His financial statement read:

"The \$48,300 contributed by Jameson used in the Virginia state campaign was applied as follows: general purposes of state work, including speakers, travel, automobiles, postage, etc. (round numbers) \$16,000; for county and precinct organization, election day work, etc., total \$48,300."

Amendment to the Volstead law to make purchase of liquor an offense was sought today by Senator Sheppard, democrat, Texas, author of the 18th amendment.

He was scheduled to appear before a senate judiciary subcommittee to press his bill concerning liquor purchasers who were held not liable under a recent supreme court decision. This decision was based on the fact that the Volstead act does not mention purchases among the offenses.

The last of four bills recommended by the president's law enforcement commission, that allowing summary prosecution of petty violators by United States commissioners, was adopted by a vote of 226 to 117 late yesterday. The bill limits the commissioner action to defendants who willingly waive hearings. A second amendment allowed federal judges to award an additional fee not to exceed \$5 to commissioners for each plea of not guilty returned.

While the tariff debate continued in the senate today, the house prepared to take up a series of bills reported by the military affairs committee.

### 40 BRITISH WOMEN AND CHILDREN LEAVE CHANGSHA

London, June 5.—(U.P.)—Forty British women and children were evacuated from Changsha, in Hunan province, to a neighboring river island today by the British gunboat Bee, a Shanghai dispatch to the London Daily Mail said.

The British commander-in-chief in China, Vice Admiral Sir Arthur Wastell, proceeded to Changsha from Hankow to investigate the situation, the report said.

Gen. Chiang Kai-Shek, head of the government forces, is transferring troops along the northern front in an effort to check the insurgents' attempt to seize control of the Yangtze valley.

### GRAF ZEPPELIN AGAIN CROSSES THE ATLANTIC

REACHES SEVILLE, SPAIN, AND CONTINUES ON TO HOME PORT OF FRIEDRICHSHAFEN

ON LAST LAP OF 18,000-MILE TRIP WHICH WAS BEGUN ON MAY 20

Seville, Spain, June 5.—(U.P.)—The Graf Zeppelin completed her flight from New York to Seville late today and continued to her home base at Friedrichshafen, Germany, after a brief halt here.

The big ship was landed at 5:05 P. M. (11:05 A. M. CST.) and departed for Germany at 5:40 P. M. (11:40 A. M. CST.)

The dirigible flew over the Seville airport, accompanied by an escort plane, then turned over the city and the exposition grounds.

Dr. Eckener had expected to reach the European coast shortly after midnight and land about dawn, but the storm forced him to change his course, and the big ship later flew northward to the River Tagus in Portugal, before turning southward again to Seville.

In returning to Seville, which probably will become the European terminus of regular air service, the dirigible completed all but the final 1,500-mile of a flight of more than 18,000 miles. Leaving her home base at Friedrichshafen, Germany, at 11:18 A. M. EST. on May 18, the dirigible flew to Seville and then started on May 20 over a three-cornered route to the Americas.

She flew to Brazil, where two halts were made, and then northward to the West Indies and Lakehurst, N. J.

### FRENCH INDUSTRIAL LEADER TO MARRY MINNEAPOLIS GIRL

Minneapolis, June 5.—(U.P.)—Maurice Fould, Paris, industrial leader and member of one of the wealthiest families of France, arrived today for his marriage within a few days to Mrs. Muriel Wright Allen, daughter of Mr. and Mrs. C. D'Arcy, Minneapolis. After the wedding, the couple will go to Fould's summer home, the Champs du Grand Mennil, on the edge of Versailles for their honeymoon. The Champs was originally the summer home of Louis XIII.

outside those of either the house or senate bills.

Hearings on impure drugs were scheduled before the senate agricultural committee today, while the finance committee prepared to discuss veterans' legislation. A judiciary subcommittee was scheduled to open hearings on the Sheppard "buyer-guilty" prohibition bill.

The house naval affairs committee still had the selection of a west coast dirigible base before it today.

Raleigh, N. C., June 5.—Josephus Daniels, secretary of the navy under Woodrow Wilson and prominent lay member of the Methodist Episcopal Church, South, has telegraphed Chairman Thomas J. Walsh of the senate lobby investigating committee that he did not endorse the alleged bucketshop transactions of Bishop James G. Cannon, Jr.

Referring to newspaper accounts that Cannon, who testified before the committee yesterday, had read from a report of the church temperance committee, of which Daniels was chairman, the telegraph said:

"Nobody knows better than Bishop Cannon that in the committee on temperance I opposed endorsement of that portion of the report approving his actions—I stated to the conference I strongly dissented from that portion of the report."

"He also knows that along with about one-third of the members of the conference I went on record against his appointment on the temperance board on the ground that his engaging in bucketshop gambling would be a severe blow to the cause of prohibition."

## Engine of Big Plane Goes Dead, Hurtles Into Water, 14 Persons Hurt, 1 Killed at Boston

### FORD TRI-MOTOR FALLS AT HEIGHT OF 100 FEET

LANDS IN 7 FEET OF WATER ABOUT 60 YARDS FROM BREAKWATER

ONLY FACT THAT WATER WAS SHALLOW PREVENTED A HEAVY DEATH TOLL

Boston, June 5.—(U.P.)—An engine that suddenly went dead sent the huge Colonial Transport plane Nocomos hurtling into the waters of Boston Harbor from an altitude of 100 feet early this afternoon.

One passenger lost his life and 12 other passengers and two pilots were more or less painfully injured. Peril S. Thorsen, 43, of Brookline, victim of immersion, was pronounced dead at 3:30 P. M. after firemen had worked for two hours in a vain attempt to resuscitate him.

Pilot Owen O'Connor of Milton, who was at the controls, escaped with a few scratches.

The injured passengers included: W. A. Stayton, Rochester, Pa. Mrs. E. H. Webster, New York. V. De Vaulchier, Boston. W. E. Wilson, Boston.

L. H. Morrison, New York. M. H. Shapiro, Boston. H. D. Beaton, New York. W. H. Shaefer, Pittsburgh, Pa. Charles A. Jacobson, Cedarhurst, L. I.

Mrs. Charles A. Jacobson, same address.

H. S. Ford, Jr., Cambridge.

H. E. Wallis, Boston. The Ford tri-motored aircraft landed in seven feet of water about 60 yards off the breakwater which protects the airport from the waters of the inner harbor. Only the fact that the water was shallow prevented a heavy death toll, as the Nocomos is not an amphibian.

The big transport took off at 1 P. M. for its regular run to New York, with a capacity load of two pilots and 13 passengers.

Crowds at the airport saw it roar into the skies in routine fashion. Never had there been a serious mishap on the Boston-New York line, and spectators watched disinterestedly as the liner moved off on its regular course.

Suddenly, however, they saw the giant craft falter in mid-air. The engine on the extreme right had gone abruptly dead and Pilot O'Connor, at the controls, was trying desperately but futilely to keep the plane on an even keel.

The Nocomos, which was now about 100 feet above the southeast end of the airport, had not gained sufficient momentum to stay in the air. It went into a side slip and then began spiraling toward the water.

As it continued its plunge, one wing grazed the breakwater. The plane landed right side up about 60 yards from the breakwater, sank into the harbor and was partly submerged.

Occupants were tossed about the roomy cabin as the Nocomos struck bottom with a terrific impact. The wrecked plane tipped over on its right side and water rushed in, nearly drowning at least one passenger and causing several others to suffer from immersion.

So deep was the water on one side

### ATTEMPT MADE TO ASSASSINATE SOFIA ARCHBISHOP

Sofia, Bulgaria, June 5.—(U.P.)—An attempt was made today to assassinate Archbishop Stephan of Sofia. The archbishop was not injured. The assassins were not identified.

The archbishop was returning to Sofia after religious services in the country when he was attacked five miles from the capital.

For an unexplained reason, police arrested the archbishop's chauffeur and impounded the automobile, forcing the archbishop to walk to Sofia. The church leader protested vigorously.

The chief of police later visited the archbishop and presented his excuses and apologies.

### GANGSTER HAUNTS FOUND DESERTED

CHICAGO POLICE RAIDING SQUADS SEEK TO END GANG WARFARE

Chicago, June 5.—(U.P.)—Gangsters' haunts were found deserted today by police raiding squads as they aggressively continued their drive to end the gang war that thus far has resulted in the slaying of eight hoodlums.

Despite the lull in hostilities, police were apprehensive, fearing a sudden move to avenge the death of Thomas Somerrio, Capone gangster, who is the most recent victim of the war over beer territory invasions.

Detectives had hoped to solve Somerrio's murder through the arrest of a mysterious "Mabel" who was reported to have been living with the hoodlum shortly before he was garroted to death.

After she was found last night and identified herself as Miss Mabel Elias she proved to the satisfaction of police that she could tell them nothing of value in their attempt to connect up Somerrio's death with the machine gun slaying of three gangsters in the resort town of Fox Lake last Sunday morning.

### Nomination of Cross for Postmaster is Confirmed

Washington, June 5.—(U.P.)—The nomination of Earl D. Cross as postmaster at St. Cloud, Minn., was confirmed by the senate late yesterday.

of the cabin that passengers were obliged to take refuge on the other side, which remained above the surface. Several occupants of the craft climbed onto the wings to await rescue.

Meanwhile airport employees hastily gathered ropes and other paraphernalia and put out in a small motor launch.

A coast guard patrol boat from the East Boston station was in the vicinity and this also headed toward the fallen plane.

Two rowboats brought other rescuers to the scene.

Ambulances were hurried to the airport from the East Boston relief hospital and city hospital and an army ambulance also arrived.

### TARIFF BILL SENT BACK TO CONFERENCE

HOUSE AND SENATE CONFEREES TO CONSIDER READJUSTING RATES

OTHER LEGISLATION TAKEN UP IN THE ABSENCE OF TARIFF DEBATE

Washington, June 5.—(U.P.)—The house agreed today to send the Hawley-Smoot tariff back to a joint conference with the senate for further readjustment of rates.

Minority Floor Leader Garner moved to instruct the house conferees to concur in senate amendments placing hides, leather, boots and shoes on the free list. A quorum call was ordered.

While the roll was being called for a quorum house leaders consulted regarding the situation precipitated by Garner's motion. If a point of order is sustained against it, the bill will be closed to further rate changes except by the conference committee subject to approval by the house and senate.

If Garner's motion should be held in order other motions affecting rates would be permissible thus opening up the bill for many possible changes.

The Garner motion was defeated, 181 to 140, and the house thus sent the measure back to conference without any instructions, leaving the conferees free in their further negotiations.

On the other side of the capitol Sen. Smoot announced the report probably would not be before the senate again before Monday.

Although the other conference report remained before the senate, other legislation was taken up in the absence of any tariff debate.

Chairman Johnson of the commerce committee served notice he would bring up the rivers and harbors bill immediately after disposal of the tariff. He added that if there is an interim before the conference report is brought back, he will ask the senate to take up this measure immediately.

### To Make Purchase of Liquor a Penal Offense Recommended

Washington, June 5.—(U.P.)—Enactment of legislation to make purchase of liquor a penal offense was recommended today by Senator Sheppard (Dem., Tex.), co-author of the 18th amendment, who said liquor buyers are responsible for the lawlessness and bootleg gangs of the big cities.

Sheppard urged the committee to report favorably his bill to make the buyer of liquor equally guilty with the bootlegger.

### 58 Candidates Warned to File Expense Accounts

St. Paul, June 5.—(U.P.)—Mike Holm, secretary of state, today warned 58 candidates for state offices to file their expense account immediately. Unless a statement of campaign receipts and expenditures is filed, the candidate's name cannot go on the ballot, according to state law.

### One Campaign Cigar Financed Nomination of South Dakota Man

Pierre, S. D., June 5.—(U.P.)—The price of a single campaign cigar was all it took to nominate August Bakeberg, republican primary candidate for representative from the fifty-sixth district. His election expenses were 10 cents, he said in a statement filed today with the secretary of state. Bakeberg was unopposed.

### 2 WALL STREET CLERKS SHARE IN FORTUNE

BROTHERS WIN \$149,000 ON A \$1 TICKET ON THE ENGLISH DERBY

EDWARD DOUGHERTY, 18, HELD LUCKY TICKET AND SPLIT WITH BROTHER

New York, June 5.—(U.P.)—Two young Wall Street clerks, brothers, shared a fortune of \$149,000 today, won on a \$1 ticket in the English Derby.

Edward Dougherty, 18, held the lucky ticket in the Army and Navy Veterans' Speestakes, but he had agreed to share possible winnings with his brother, Daniel, 22. Edward said he would keep his job, buy a house in the suburbs, and invest the remainder of the money.

Sudden wealth caused some confusion in the Dougherty \$24 a month 4-room flat in Brooklyn. The father, Daniel T. Dougherty, a doorman at a Brooklyn apartment house, claimed he had paid Edward for the ticket and would get the money. After a conference, however, he agreed the boys should have the winnings.

Edward's winnings represent the equivalent of 143 years' salary at his present figure.

Nashua, N. H., June 5.—Under the name of Sister Therese De L'Enfant Jesus, Mrs. Rose Heon, 50, and one of her nine children, Mrs. Lillian Gagnon, bought a \$1 lottery ticket on the English Derby.

Their ticket drew Ruston Pasha and today they were \$7,000 richer.

Mrs. Heon, wife of a railroad foreman, said she and her daughter would use part of their winnings to buy a statue of St. Therese for the new church of the Infant Jesus, which was destroyed in the recent \$5,000,000 Nashua fire.

Portland, Me., June 5.—With the \$24,677 which he won in the Canadian Army and Navy derby lottery, Robert I. Lynn, 59, local tailor, plans to enlarge his garage, buy an electric refrigerator and take his family on a camping trip. The ticket which he bought for a dollar drew Diolite.

Reading, Pa., June 5.—A new automobile and a trip through sections of the United States "I have always wanted to see" is what Mrs. Anna D. Katzenmoyer, 47, a year, will buy with part of the \$49,000 she won in the Canadian lottery on the English derby.

It was only because her brother insisted that she buy a ticket that Mrs. Katzenmoyer has her modest fortune. She was reluctant to spend the \$1, she said, and even scribbled her name and address carelessly on the stub of the ticket.

Both Mrs. Katzenmoyer and her husband work in a hosiery mill.

"This money that Anna won won't make me a loafer," said Katzenmoyer. "I will keep right on working and see to it that the money is invested wisely."

Guthrie, Okla., June 5.—When Luther Smith, railroad brakeman, came to the end of his run today, he found he had won \$49,000 on five one dollar tickets on the English Derby at Epsom Downs.

Smith, his wife and two children looked about for a new home today which they can purchase and, as he phrased it, "call their own."

### ALL BUT THREE OF ESCAPED MADMEN HAVE BEEN RETAKEN

Ionia, Mich., June 5.—(U.P.)—Residents of this section went about their tasks as usual today, after two days of fear, reassured by the fact that all but three of the madmen who had escaped from the state hospital for the criminally insane were back under guard.

The three still at large were believed to have stolen an automobile and made good their escape. Reports from St. Johns said the trio passed through there yesterday.

Spadra, Calif., June 5.—(U.P.)—Authorities today were making an intensive search for five drug addicts who escaped from the state narcotic hospital here. The men failed to answer a roll call and a search of the quarters revealed a gaping hole back of a radiator which had been removed.

### SCOUT PLANES USED TO CHECK UP ON ADVANCE

ARMY OF 400 MEN DEPLOYS TO SAVE PORT ARTHUR, ONT., FROM FIRE MENACE

MEN ARE WORKING IN 18 HOUR SHIFTS TO CHECK FLAMES AT IGNACE, ONT.

Port Arthur, Ont., June 5.—(U.P.)—With scout airplanes zooming overhead, an army of 400 men marched out into the western forests of Thunder Bay where fires burst forth again today to threaten this city.

As the rain which partially checks the blazes stopped, the smouldering embers were again whipped up by heavy winds. Three forestry department planes accompanied the new army of fire fighters that was rushed to the aid of settlers who have been battling for days to hold fire lines against ever increasing odds.

At Ignace, Ont., where all the inhabitants of Dymont, Ont., are housed in the community hall, men and boys are working in 18 hour shifts to prevent further advance of the fire menace.

Even the youngsters have been called upon to assist in the fight against the flames and 14-year-old boys, grim-faced and weary from loss of sleep are fighting like men in Sioux Lookout's defense against the forest fire invasion. V. R. Hicks, Ontario air force pilot, reported on his return today from a scouting flight over the devastated area.

Danger at Sioux Lookout is past now, Hicks said. The few fires remaining in that district are under control. For days every man in town was a fire fighter. Scores of young lads fourteen to sixteen years old swelled the brigade to a total of 300.

Brush that encroached on all sides of the town was burned off by the settlers. This action finally stopped the fire.

"It was a permanent menace, that brush," Hicks said, "but it was considerably more of a menace while the flames were putting it out of existence."

Pass Lake, 25 miles east of Port Arthur, was the last settlement in the district to be hit by the fires. Eight families were rendered destitute by flames that swept the hamlet yesterday. Rain started in time to save other homes that were partially damaged.

Seventy square miles of prime timber land owned by the Abitibi Pulp and Paper Company were laid waste by one of the most devastating fires near Port Arthur. The entire forest was gutted, leaving only patches where the flames leaped.

Six hundred men have finally stemmed the tide of fire at Hurkett, it was reported today. Wide stands of timber continue to be wiped out at Larson and Upsala where only a few settlers, ill-equipped to stem the inferno's advance, continue to retreat.

Points considered still in danger by the forestry department included Cedar Lake, Dog Lake, Flett, Kelly and Mack.

### 15 HOUSES BURNED AT LOTHAIR, KY.

Hazard, Ky., June 5.—(U.P.)—Fire broke out at Lothair, Ky., near here, today and reports late this afternoon said 15 houses had been destroyed, eight Standard Oil tanks were burning and firemen were fighting to save the L. and N. railway station which was menaced. The blaze reportedly started near the oil tanks.

### ROBBINS FREED FROM FIRST DEGREE LARCENY CHARGES

Minneapolis, June 5.—(U.P.)—A. A. Robbins, president of the defunct Ten Thousand Lakes Fur Farms corporation, today had succeeded in freeing himself from first degree grand larceny charges and faced only a second degree charge in his trial which resulted from operations of the fur farm corporation.

Besides investors, several state officials including Governor Theodore Christianson and various officers in the fur farm company gave testimony during the investigation. The jury will report the results of its hearing at 2 p. m. Monday.

Indictment of officials and salesmen of the concern on charges of mail fraud were being sought by the government.

The Ford tri-motor aircraft landed in seven feet of water about 60 yards off the breakwater which projects the airport from the waters of the inner harbor. Only the fact that the water was shallow prevented a heavy death toll, as the Nocomos is not an amphibian.

The big transport took off at 1 P. M. for its regular run to New York, with a capacity load of two pilots and 13 passengers.

Crowds at the airport saw it roar into the skies in routine fashion. Never had there been a serious mishap on the Boston-New York line, and spectators watched disinterestedly as the liner moved off on its regular course.

Suddenly, however, they saw the giant craft falter in mid-air. The engine on the extreme right had gone abruptly dead and Pilot O'Connor, at the controls, was trying desperately but futilely to keep the plane on an even keel.

The Nocomos, which was now about 100 feet above the southeast end of the airport, had not gained sufficient momentum to stay in the air. It went into a side slip and then began spiraling toward the water.

As it continued its plunge, one wing grazed the breakwater. The plane landed right side up about 60 yards from the breakwater, sank into the harbor and was partly submerged.

Occupants were tossed about the roomy cabin as the Nocomos struck bottom with a terrific impact. The wrecked plane tipped over on its right side and water rushed in, nearly drowning at least one passenger and causing several others to suffer from immersion.

So deep was the water on one side,

### ATTEMPT MADE TO ASSASSINATE SOFIA ARCHBISHOP

Sofia, Bulgaria, June 5.—(U.P.)—An attempt was made today to assassinate Archbishop Stephan of Sofia. The archbishop was not injured. The assassins were not identified.

The archbishop was returning to Sofia after religious services in the country when he was attacked five miles from the capital.

For an unexplained reason, police arrested the archbishop's chauffeur and impounded the automobile, forcing the archbishop to walk to Sofia. The church leader protested vigorously.

The chief of police later visited the archbishop and presented his excuses and apologies.

### GANGSTER HAUNTS FOUND DESERTED

CHICAGO POLICE RAIDING SQUADS SEEK TO END GANG WARFARE

Chicago, June 5.—(U.P.)—Gangsters' haunts were found deserted today by police raiding squads as they aggressively continued their drive to end the gang war that thus far has resulted in the slaying of eight hoodlums.

Despite the lull in hostilities, police were apprehensive, fearing a sudden move to avenge the death of Thomas Somerrio, Capone gangster, who is the most recent victim of the war over beer territory invasions.

Detectives had hoped to solve Somerrio's murder through the arrest of a mysterious "Mabel" who was reported to have been living with the hoodlum shortly before he was garroted to death.

After she was found last night and identified herself as Miss Mabel Elsas she proved to the satisfaction of police that she could tell them nothing of value in their attempt to connect up Somerrio's death with the machine gun slaying of three gangsters in the resort town of Fox Lake last Sunday morning.

### Nomination of Cross for Postmaster is Confirmed

Washington, June 5.—(U.P.)—The nomination of Earl D. Cross as postmaster at St. Cloud, Minn., was confirmed by the senate late yesterday.

of the cabin that passengers were obliged to take refuge on the other side, which remained above the surface. Several occupants of the craft climbed onto the wings to await rescue.

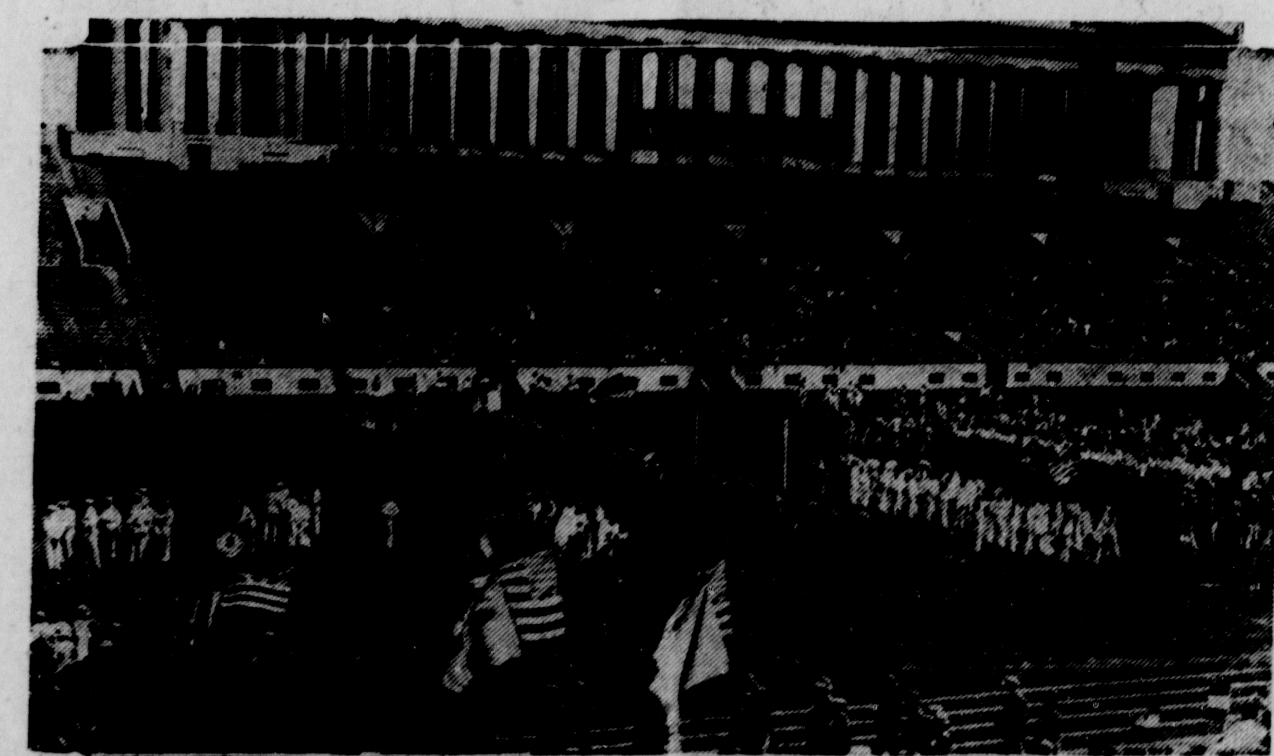

Meanwhile airport employees hastily gathered ropes and other paraphernalia and put out in a small motor launch.

A coast guard patrol boat from the East Boston station was in the vicinity and this also headed toward the fallen plane.

Two rowboats brought other rescuers to the scene.

Ambulances were hurried to the airport from the East Boston relief hospital and city hospital and an army ambulance also arrived.

### TARIFF BILL SENT BACK TO CONFERENCE

HOUSE AND SENATE CONFEREES TO CONSIDER READJUSTING RATES

OTHER LEGISLATION TAKEN UP IN THE ABSENCE OF TARIFF DEBATE

Washington, June 5.—(U.P.)—The house agreed today to send the Hawley-Smoot tariff back to a joint conference with the senate for further readjustment of rates.

Minority Floor Leader Garner moved to instruct the house conferees to concur in senate amendments placing hides, leather, boots and shoes on the free list. A quorum call was ordered. While the roll was being called for a quorum house leaders consulted regarding the situation precipitated by Garner's motion. If a point of order is sustained against it, the bill will be closed to further rate changes except by the conference committee subject to approval by the house and senate.

If Garner's motion should be held in order other motions affecting rates would be permissible thus opening up the bill for many possible changes.

The Garner motion was defeated, 181 to 140, and the house thus sent the measure back to conference without any instructions, leaving the conferees free in their further negotiations.

On the other side of the capitol Sen. Smoot announced the report probably would not be before the senate again before Monday.

Although the other conference report remained before the senate, other legislation was taken up in the absence of any tariff debate.

Chairman Johnson of the commerce committee served notice he would bring up the rivers and harbors bill immediately after disposal of the tariff. He added that if there is an interim before the conference report is brought back, he will ask the senate to take up this measure immediately.

### To Make Purchase of Liquor a Penal Offense Recommended

Washington, June 5.—(U.P.)—Enactment of legislation to make purchase of liquor a penal offense was recommended today by Senator Sheppard (Dem., Tex.), co-author of the 18th amendment, who said liquor buyers are responsible for the lawlessness and bootleg gangs of the big cities.

Sheppard urged the committee to report favorably his bill to make the buyer of liquor equally guilty with the bootlegger.

### 58 Candidates Warned to File Expense Accounts

St. Paul, June 5.—(U.P.)—Mike Holm, secretary of state, today warned 58 candidates for state offices to file their expense account immediately. Unless a statement of campaign receipts and expenditures is filed, the candidate's name cannot go on the ballot, according to state law.

### One Campaign Cigar Financed Nomination of South Dakota Man

Pierre, S. D., June 5.—(U.P.)—The price of a single campaign cigar was all it took to nominate August Bakeberg, republican primary candidate for representative from the fifty-sixth district. His election expenses were 10 cents, he said in a statement filed today with the secretary of state. Bakeberg was unopposed.

### 2 WALL STREET CLERKS SHARE IN FORTUNE

BROTHERS WIN \$149,000 ON A \$1 TICKET ON THE ENGLISH DERBY

EDWARD DOUGHERTY, 18, HELD LUCKY TICKET AND SPLIT WITH BROTHER

New York, June 5.—(U.P.)—Two young Wall Street clerks, brothers, shared a fortune of \$149,000 today, won on a \$1 ticket in the English Derby.

Edward Dougherty, 18, held the lucky ticket in the Army and Navy Veterans' Steepstakes, but he had agreed to share possible winnings with his brother, Daniel, 22. Edward said he would keep his job, buy a house in the suburbs, and invest the remainder of the money.

Sudden wealth caused some confusion in the Dougherty \$24 a month 4-room flat in Brooklyn. The father, Daniel T. Dougherty, a doorman at a Brooklyn apartment house, claimed he had paid Edward for the ticket and would get the money. After a conference, however, he agreed the boys should have the winnings.

Edward's winnings represent the equivalent of \$143 years' salary at his present figure.

Nashua, N. H., June 5.—Under the name of Slater Therese De L'Enfant Jesus, Mrs. Rose Heon, 50, and one of her nine children, Mrs. Lillian Gagnon, bought a \$1 lottery ticket on the English Derby.

Their ticket drew Ruston Pasha and today they were \$7,000 richer.

Mrs. Heon, wife of a railroad foreman, said she and her daughter would use part of their winnings to buy a statue of St. Therese for the new church of the Infant Jesus, which was destroyed in the recent \$5,000,000 Nashua fire.

Portland, Me., June 5.—With the \$24,677 which he won in the Canadian Army and Navy derby lottery, Robert I. Lynn, 59, local tailor, plans to enlarge his garage, buy an electric refrigerator and take his family on a camping trip. The ticket which he bought for a dollar drew Diolite.

Reading, Pa., June 5.—A new automobile and a trip through sections of the United States "I have always wanted to see" is what Mrs. Anna D. Katzenmoyer, bride of a year, will buy with part of the \$49,000 she won in the Canadian lottery on the English derby.

It was only because her brother insisted that she buy a ticket that Mrs. Katzenmoyer has her modest fortune. She was reluctant to spend the \$1, she said, and even scribbled her name and address carelessly on the stub of the ticket.

Both Mrs. Katzenmoyer and her husband work in a hosiery mill.

"This money that Anna won won't make me a loafer," said Katzenmoyer. "I will keep right on working and see to it that the money is invested wisely."

Guthrie, Okla., June 5.—When Luther Smith, railroad brakeman, came to the end of his run today, he found he had won \$49,000 on five one dollar tickets on the English Derby at Epsom Downs.

Smith, his wife and two children looked about for a new home today which they can purchase and, as he phrased it, "call their own."

### ALL BUT THREE OF ESCAPED MADMEN HAVE BEEN RETAKEN

Ionia, Mich., June 5.—(U.P.)—Residents of this section went about their tasks as usual today, after two days of fear, reassured by the fact that all but three of the madmen who had escaped from the state hospital for the criminally insane were back under guard.

The three still at large were believed to have stolen an automobile and made good their escape. Reports from St. Johns said the trio passed through there yesterday.

Spadra, Calif., June 5.—(U.P.)—Authorities today were making an intensive search for five drug addicts who escaped from the state narcotic hospital here. The men failed to answer a roll call and a search of the quarters revealed a gaping hole back of a radiator which had been removed.

### SCOUT PLANES USED TO CHECK UP ON ADVANCE

ARMY OF 400 MEN DEPLOYS TO SAVE PORT ARTHUR, ONT., FROM FIRE MENACE

MEN ARE WORKING IN 18 HOUR SHIFTS TO CHECK FLAMES AT IGNACE, ONT.

Port Arthur, Ont., June 5.—(U.P.)—With scout airplanes zooming overhead, an army of 400 men marched out into the western forests of Thunder Bay where fires burst forth again today to threaten this city.

As the rain which partially checks the blazes stopped, the smoldering embers were again whipped up by heavy winds. Three forestry department planes accompanied the new army of fire fighters that was rushed to the aid of settlers who have been battling for days to hold fire lines against ever increasing odds.

At Ignace, Ont., where all the inhabitants of Dymont, Ont., are housed in the community hall, men and boys are working in 18 hour shifts to prevent further advance of the fire menace.

Even the youngsters have been called upon to assist in the fight against the flames and 4-year-old boys, grim-faced and weary from loss of sleep are fighting like men in Sioux Lookout's defense against the forest fire invasion. V. R. Hicks, Ontario air force pilot, reported on his return today from a scouting flight over the devastated area.

Danger at Sioux Lookout is past now, Hicks said. The few fires remaining in that district are under control. For days every man in town was a fire fighter. Scores of young lads fourteen to sixteen years old swelled the brigade to a total of 300.

Brush that encroached on all sides of the town was burned off by the settlers. This action finally stopped the fire.

"It was a permanent menace, that brush," Hicks said, "but it was considerably more of a menace while the flames were putting it out of existence."

Pass Lake, 25 miles east of Port Arthur, was the last settlement in the district to be hit by the fires. Eight families were rendered destitute by flames that swept the hamlet yesterday. Rain started in time to save other homes that were partially damaged.

Seventy square miles of prime timber land owned by the Abitibi Pulp and Paper Company were laid waste by one of the most devastating fires near Port Arthur. The entire forest was gutted, leaving only patches where the flames leaped.

Six hundred men have finally stemmed the tide of fire at Hurkett, it was reported today. Wide stands of timber continue to be wiped out at Larson and Upsala where only a few settlers, ill-equipped to stem the inferno's advance, continue to retreat.

Points considered still in danger by the forestry department included Cedar Lake, Dog Lake, Flett, Kelly and Mack.

### 15 HOUSES BURNED AT LOTHAIR, KY.

Hazard, Ky., June 5.—(U.P.)—Fire broke out at Lothair, Ky., near here, today and reports late this afternoon said 15 houses had been destroyed, eight Standard Oil tanks were burning and firemen were fighting to save the L. and N. railway station which was menaced. The blaze reportedly started near the oil tanks.

### ROBBINS FREED FROM FIRST DEGREE LARCENY CHARGES

Minneapolis, June 5.—(U.P.)—A. A. Robbins, president of the defunct Ten Thousand Lakes Fur Farms corporation, today had succeeded in freeing himself from first degree grand larceny charges and faced only a second degree charge in his trial which resulted from operations of the fur farm corporation.

St. Paul, June 5.—(U.P.)—After hearing the stories of more than 70 investors who lost savings in the defunct Ten Thousand Lakes Fur Farm corporation, a federal grand jury was determining whether the mails were used to defraud by officials and salesmen of the concern.

Besides investors, several state officials including Governor Theodore Christianson and various officers in the fur farm company gave testimony during the investigation. The jury will report the results of its hearing at 2 p. m. Monday.

Indictment of officials and salesmen of the concern on charges of mail fraud were being sought by the government.

"No, I don't like turtle soup," Pounds said, "But my moms certainly can make good dishes from them."

The boys also told of going off the road near Ironton and driving down a 20 foot embankment without overturning, injuring themselves or harming the car.

"We're just out on a ramblax. We're seeing a bit of the country," said Pounds who explained that before returning home they will visit Can Jose, Calif. They travelled 2,973 miles during the past two weeks.

Several experiments were conducted on Sixth street by the boys and a number of pedestrians to test out the snapping abilities of the turtle. The turtle snapped through a half inch rope without much trouble.

# BEWARE OF GASOLENE WEIGHTED WITH GUM

Gum in gasoline is a thief of power. It makes your engine labor—it makes your valves fight to get free—it robs your motor of valuable compression.

Don't put this extra burden on your motor by thoughtless purchases of gasoline.

Insist on Koolmotor Gasolene, the original high test, anti-knock green gas. Harmful gum has been removed from this powerful, clean burning gas. The mini-gum process, descriptive of the extra care and extra refining used to produce this superior motor fuel, has reduced the gum content in Koolmotor Gasolene to a harmless minimum.

Koolmotor Gasolene vaporizes quickly, burns freely, leaves no sticky, gummy deposit behind. It is full of power, full of speed, ready to go when you are.

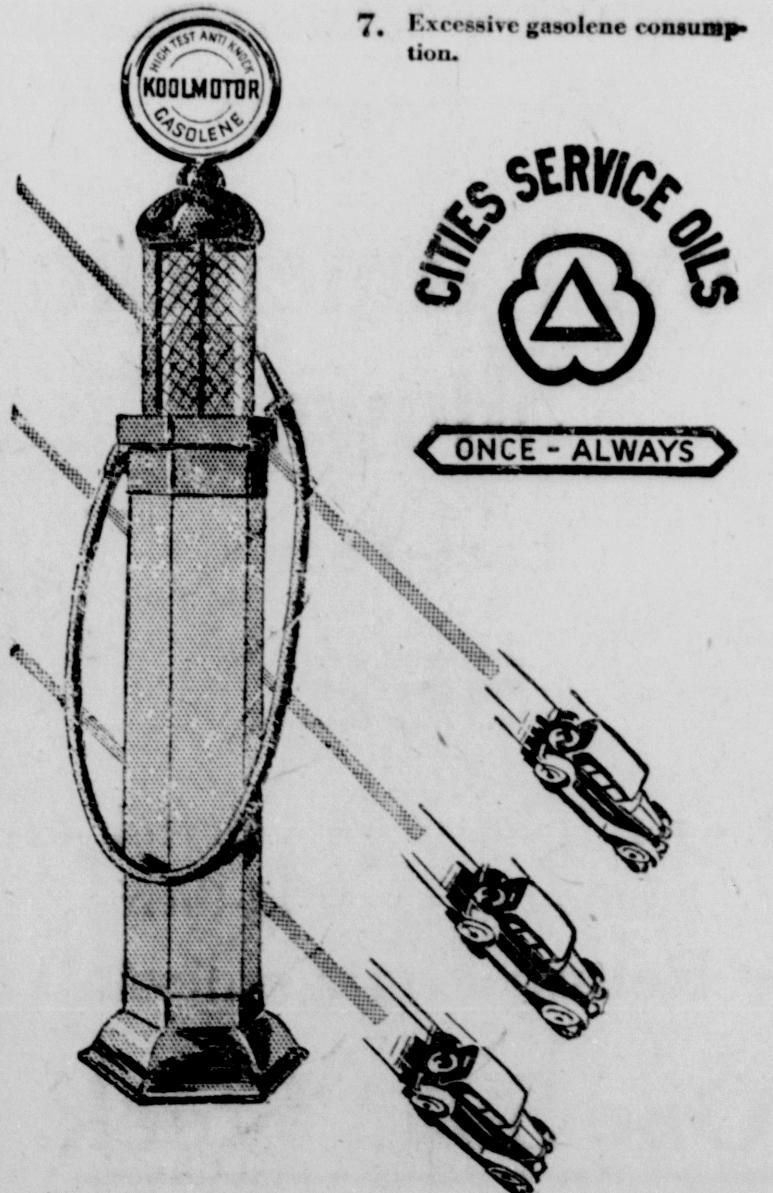

Keep your motor clean—give it a chance to do its best—relieve it of the burden of gum-stuck valves. Keep your tank full of Koolmotor—the gasoline that's free from harmful gum.

# BEWARE OF GASOLENE WEIGHTED WITH GUM

Gum in gasoline is a thief of power. It makes your engine labor—it makes your valves fight to get free—it robs your motor of valuable compression.

Don't put this extra burden on your motor by thoughtless purchases of gasoline.

Insist on Koolmotor Gasolene, the original high test, anti-knock green gas. Harmful gum has been removed from this powerful, clean burning gas. The mini-gum process, descriptive of the extra care and extra refining used to produce this superior motor fuel, has reduced the gum content in Koolmotor Gasolene to a harmless minimum.

Koolmotor Gasolene vaporizes quickly, burns freely, leaves no sticky, gummy deposit behind. It is full of power, full of speed, ready to go when you are.

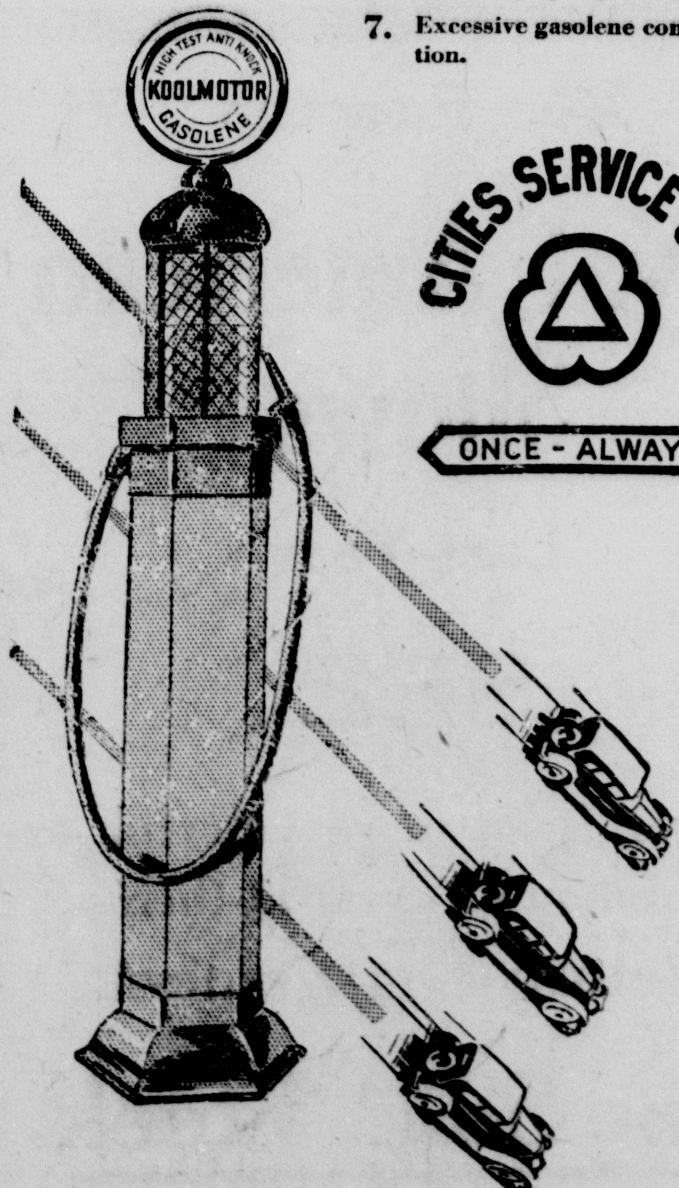

Keep your motor clean—give it a chance to do its best—relieve it of the burden of gum-stuck valves. Keep your tank full of Koolmotor—the gasoline that's free from harmful gum.

# CONNIE MACK PUTS ATHLETICS IN SHAPE FOR PENNANT

**LACK OF RESERVE MATERIAL HAS BEEN SUPPLIED**

**1929 WORLD CHAMPIONS APPEAR HEADED FOR ANOTHER PENNANT**

**3 ATHLETIC REGULARS IN HOSPITAL, BUT RESERVES COME THROUGH**  
(By United Press)

Connie Mack has eliminated the Philadelphia Athletics' only weakness—lack of capable reserve material—and the 1929 world champions appear headed for their second consecutive American League pennant.

Three Athletics' regulars, Outfielder Al Simmons, Third Baseman Jimmy Dykes and Second Baseman Max Bishop have been on the hospital list during the past week, but the reserves have come through capably and the Athletics have climbed into the league lead.

Wednesday's 4 to 3 victory over St. Louis was the tenth consecutive victory for the Athletics, who now boast the longest winning streak made by any major league team this season.

Kiki Cuyler and Riggs Stephenson led a 20-hit barrage which enabled the Chicago Cubs to defeat Boston, 18 to 10, for their seventh straight victory. The victory advanced the Cubs to within two games of the league-leading Brooklyn Robins.

Brooklyn dropped a loosely played game to Pittsburgh, 12 to 6. The two teams set a season's record for errors, Brooklyn making 8 and Pittsburgh 5, four of which were charged to Shortstop Engle.

Washington kept pace with the Philadelphia Athletics in the American League, winning an 11-inning game from Detroit, 11 to 8.

Johnny Kerr's homer in the tenth, with two out, gave the Chicago White Sox an 8 to 7 victory over the New York Yankees after Babe Ruth's homer with two on in the seventh had tied the score at 7 all.

Red Lucas was touched for five hits and five runs by the first five batters and the New York Giants defeated Cincinnati, 8 to 5.

Scarritt's single, scoring Reeves, gave "Big Ed" Norris a victory over Wesley Ferrell in a 10-inning pitching duel, Boston defeating Cleveland, 5 to 4.

Ray Bengt held St. Louis to 4 hits and Philadelphia beat the Cardinals, 2 to 1.

## American Associations Tabs

Indianapolis, Ind., June 5.—Indianapolis eked out an 8 to 7 victory over Minneapolis here yesterday, barely quenching a ninth inning rally which netted the Millers four runs.

Toledo, June 5.—U.P.—After trailing through seven innings, Toledo batters got started and clouted in 4 runs in the eighth here yesterday to defeat Milwaukee, 7 to 4.

Louisville, Ky., June 5.—The league-leading Louisville Colonels sat more firmly atop the American Association heap today by virtue of their double

win over St. Paul yesterday. Louisville won the opener, 9 to 4, and the night-cap, 8 to 3.

Columbus, O., June 5.—Knocking the offerings of two Columbus hurlers all over the lot, Kansas City clouted out 19 hits here yesterday to gain a 16 to victory.

## HAS HOLIDAY TODAY AND PLAYS GAME OF GOLF

**HIS CHAMPIONSHIP FIGHT WITH JACK SHARKEY STILL A WEEK AWAY**

**SCHMELING SAYS HE IS FIT, CAN FIGHT ON A MINUTE'S NOTICE**

By GEORGE KIRKSEY  
(United Press Staff Correspondent)

Endicott, N. Y., June 5.—Max Schmeling took a holiday today and

played golf and fished. With his heavyweight championship fight with Jack Sharkey still a week away, Max is confronted with the problem of

keeping his present condition without going stale.

"I'm in better shape right now than I was for Paulino," Schmeling told the United Press today. "I can fight on a minute's notice."

Dr. Q. G. Fralick of New York arrived here last night and examined Schmeling's hands carefully, and put at rest all rumors that the German had injured one in training. Dr. Fralick and Walter Kurzik, metropolitan golf champion, were Schmeling's golf opponents today in an 18-hole match.

After yesterday's 7-round workout in the heat, Schmeling was almost down to 180 pounds, and Joe Jacobs, manager, and Max Machon, trainer, do not plan to have him box again until Saturday.

Schmeling continues to slaughter his sparring partners in training, and in yesterday's workout had two of them almost ready to quit after two rounds.

Schmeling doesn't appear to have improved much from his last year's form again Paulino. He has developed his left hand a bit, but when he begins mixing it with his sparring

partners he depends largely on his right.

## BARRETT SOLD OUTRIGHT TO THE MINNEAPOLIS CLUB

Washington, June 5.—(U.P.)—Outfielder Bill Barrett of the Washington Senators, recently acquired from the Boston Red Sox in a trade for Earl Webb, has been sold outright to the Minneapolis Millers of the American associations, it was learned here today. Barrett previously had played with the Athletics and White Sox.

### "In Gay Madrid" Another Hit for Ramon Navarro

Ramon Navarro is seen to advantage in "In Gay Madrid," an all-talking and singing adaptation of an old Spanish classic, which shows at the Paramount tonight and Friday.

The settings are magnificently executed and in keeping with the charm and romance of old Spain in which the story is set.

# 18 REPEAT "GUILTY" IN FAILURE TO STOP

Motorists Entering Marked Intersections and Not Stopping Fined \$2 Each

## FULL STOP REQUIRED

Chief Templeton Gives 17 Tickets at Intersections of Eighth and Kingwood

Judge J. H. Warner held school this morning in municipal court.

"Please answer your names when read off," he asked a crowded court room.

"Present" was repeated by Peter Dryburgh, J. T. Taylor, Jacob Preston, V. J. McClaren, Alvin Elmore, Otto Weiske, W. L. Ahlgren, Harold Skarold, Olaf Ness, Abe Zimmerman, Elmer Johnson, O. C. Zastro, Mark Cochran, Gaylord Kinney, Wilfred Knutson, Joe Vadnais, Willard Badeaux, Gabriel Solheim.

"Now as your names are called off again please tell the court whether you are guilty or not guilty of the charge of failing to come to a full stop in entering an intersection marked by a stop sign," Judge Warner asked.

"Guilty" was repeated by the class of 18.

"Each and everyone of you are fined \$2. You may now pay the clerk," Judge Warner instructed before school closed.

All with the exception of one were given "tickets" for failing to stop at the corner of Eighth and Kingwood streets yesterday afternoon and evening. The lone other motorist to fail to stop as required at intersections marked was given a notice at 8th and Oak streets.

Chief of Police Thomas Templeton who checked up on the motorists at 8th and Kingwood streets said that he had difficulty in getting all those who failed to observe the stop regulation. He said that while he was taking down the numbers of those who received tickets many more shot past and got away.

The police will continue to enforce the stop regulation at all intersections where marked. Motorists, according to the ordinance, are required to come to a full stop when entering these intersections.

The violators haled into court this morning were the first since the council adopted the ordinance, and followed a warning Tuesday by Chief Templeton.

THE "TEN-ONE-AND-ONE"  
A new Pullman with more room for each guest

To modern ambition for "bigger, better and roomier" Pullman cars, the Northern Pacific responds with the "Ten-one-and-one."

There are no "lower 12's" or "upper 16's" on the North Coast Limited. Each car of this newest of new American trains has but ten sections. Consequently, there are fewer passengers to the car and the ladies' and gentlemen's dressing rooms are very roomy indeed.

The newly-created "Ten-one-and-one" Pullman has, in addition to ten sections, one drawing room and one compartment, so luxurious in appointments, so convenient in facilities, that, occasionally, bridegrooms or celebrated admirals are tempted to engage them.

# 18 REPEAT "GUILTY" IN FAILURE TO STOP

Motorists Entering Marked Intersections and Not Stopping Fined \$2 Each

## FULL STOP REQUIRED

Chief Templeton Gives 17 Tickets at Intersections of Eighth and Kingwood

Judge J. H. Warner held school this morning in municipal court.

"Please answer your names when read off," he asked a crowded court room.

"Present" was repeated by Peter Dryburgh, J. T. Taylor, Jacob Preston, V. J. McClaren, Alvin Elmore, Otto Weiske, W. L. Ahlgrim, Harold Skarold, Olaf Ness, Abe Zimmerman, Elmer Johnson, O. C. Zastro, Mark Cochran, Gaylord Kinney, Wilfred Knutson, Joe Vadnais, Willard Badeaux, Gabriel Solheim.

"Now as your names are called off again please tell the court whether you are guilty or not guilty of the charge of failing to come to a full stop in entering an intersection marked by a stop sign," Judge Warner asked.

"Guilty" was repeated by the class of 18.

"Each and everyone of you are fined \$2. You may now pay the clerk," Judge Warner instructed before school closed.

All with the exception of one were given "tickets" for failing to stop at the corner of Eighth and Kingwood streets yesterday afternoon and evening. The lone other motorist to fail to stop as required at intersections marked was given a notice at 8th and Oak streets.

Chief of Police Thomas Templeton who checked up on the motorists at 8th and Kingwood streets said that he had difficulty in getting all those who failed to observe the stop regulation. He said that while he was taking down the numbers of those who received tickets many more shot past and got away.

The police will continue to enforce the stop regulation at all intersections where marked. Motorists, according to the ordinance, are required to come to a full stop when entering these intersections.

The violators haled into court this morning were the first since the council adopted the ordinance, and followed a warning Tuesday by Chief Templeton.

## Quick Pile Relief

No Salves or Cutting

Pile sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and salves can't do this—an internal remedy must be used. HEM-ROID, the prescription of Dr. J. S. Leonard, succeeds, because it removes this blood congestion and strengthens the affected parts.

HEM-ROID tablets are sold by druggists everywhere, have such a wonderful record for quick and lasting relief, that H. P. Dunn and Johnson's Pharmacy always sell them with guarantee of money-back if they do not end all Pile suffering. advt.

## RUPTURE EXPERT HERE

C. F. Redlich, Minneapolis, Minn., nationally famous Rupture Appliance Expert, will demonstrate without charge his unequalled method at

## BRAINERD on Saturday, June 7

at the New Brainerd Hotel from 10 A. M. to 4 P. M.

Mr. C. F. Redlich says:

"The 'Perfect Retention Shields' hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief and contract the opening in a remarkably short time.

The secret of their success is in their simplicity. An expertly adjusted device seals the opening without discomfort or detention from work. It is practically everlasting, sanitary, comfortable and actually holds ruptures which heretofore were considered uncontrollable.

"IF YOU WANT TO HAVE IT DONE RIGHT—SEE REDLICH."

Doctor J. W. Seaver, for many years in charge of the Physical Education of the students of Yale College, has recorded 75% cures with this system.

Mr. Redlich is internationally known and speaks English, German and Spanish.

In the United States District Court, For the District of Minnesota, Fifth Division.

In the Matter of Ernest Norman, Bankrupt, vs. THE CREDITORS OF ERNEST NORMAN, OF IRONTON, IN THE COUNTY OF CROW WING, AND DISTRICT APPOINTEE, BANKRUPT.

Notice is hereby given that on the 6th day of May, A. D. 1930, Ernest Norman was duly adjudged a bankrupt and the first meeting of creditors will be held at the office of the undersigned, 321 Providence Building, Duluth, Minnesota, on Friday, the 27th day of June, A. D. 1930, at 10 o'clock A. M., at which time the creditors may attend, prove their claims and elect a trustee, examine the bankrupt and transact such other business as may properly come before the meeting.

At the time of said first meeting an immediate sale of assets will be considered.

Dated Duluth, Minnesota, June 4, A. D. 1930.

A. G. MCKNIGHT, Referee in Bankruptcy.

### RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderly at night. Next day brighten. Get 24 for 25c today at the nearest Rexall Drug Store. Economy Drug Co., Johnson's Pharmacy, advt.

### Quick Pile Relief

No Salves or Cutting

Pile sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and salves can't do this—an internal remedy must be used. HEM-ROID, the prescription of Dr. J. S. Leonhardt, succeeds, because it removes this blood congestion and strengthens the affected parts.

HEM-ROID tablets are sold by druggists everywhere, have such a wonderful record for quick and lasting relief, that H. P. Dunn and Johnson's Pharmacy always sell them with guarantee of money-back if they do not end all Pile suffering. advt.

### RUPTURE EXPERT HERE

C. F. Redlich, Minneapolis, Minn., nationally famous Rupture Appliance Expert, will demonstrate without charge his unequalled method at

### BRAINERD

on Saturday, June 7

at the New Brainerd Hotel from 10 A. M. to 4 P. M.

Mr. C. F. Redlich says:

The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes, or how heavy a weight you lift. They give instant relief and contract the opening in a remarkably short time.

The secret of their success is in their simplicity. An expertly adjusted device seals the opening without discomfort or detention from work. It is practically everlasting, sanitary, comfortable and actually holds ruptures which heretofore were considered uncontrollable.

"IF YOU WANT TO HAVE IT DONE RIGHT—SEE REDLICH."

Doctor J. W. Seaver, for many years in charge of the Physical Education of the students of Yale College, has recorded 75% cures with this system. Mr. Redlich is internationally known and speaks English, German and Spanish.
